New York, Aug. 27.-This was an excit-Ing day on the stock exchange, by reason of the speculation in the stock of the Distilling and Cattle Feeding company. It was generally understood, at the close of business on Saturday, that the funds required to take the company's spirits out of bond had been practically assured and that impression prevailed at the ownand that impression prevailed at the open-ing of business this morning.

Ing of business this morning.

There was, consequently, a brief demand for the company's stock, which sold up to 2% on the opening dealings.

Each of 2 per cent. on Saturday's closing. Very soon, however, came reports of a hitch in the ican negotiations, and on the announcement by Russell Sare that they had fallen shrough, a break to 19% was made. The trust people, themselves, however, refused to speak on the subject and traders came into the market to buy at the decline, sending the price up to 20%. Not for long was the insprovement maintained, a very uncertain feeling being apparent among the operators in the stock, and on confirmatory reports that the attempt to make the loan in this city was a failure, the price moved down to 18%, a decline of 2% from the higher of the morning and a break of 6% per cent, the k at sale being made at a figure only 4 below Saturday's final price. It was not known at the close of business there whether the company had given up the fight for the loan, for although it had been alternational for the move might be yet successful in the west, and in fact it was said some £,000,000 was secured in Chicago.

Speculation in sugar was fairly active, but somewhat feverish. An carlier advance of 8 was quickly lost and a decline of 3% was effected on the sale of a high lock of the stock for the purpose of taking profits. Chicago, Aug. 27.—Wheat opened strong at from \$500\footnote{1}\text{c}. per bushe! over Saturday's closing, the strength coming from the stendy cables. December was wanted at from \$600\text{s}\text{c}. but weakened on liberal offerings at the advance and sold off to 57%. The trade was very light to take eneugh of the offerings of short wheat, which was for sale from the sea board speculators, and although the news of the day was in the main bullish, the shorts were more inclined to sell more on the slight bulges than to take alarm and cover previous sales. The visible supply increased \$70,000 bushels more than mand were looking for. The estimate of the Vienna congress on the wheat and type crops of Europe was the only really bearish feature of the day's news. The estimated receipts of wheat tomorrow at this place were \$80 cars, but the market continued to rule weak after its early slight advance, due to the small increase in the visible. vance, due to the small increase in the visible. December was down to 67½ at the close.

The corn market was firm but not very sective. The receipts were over the estimates, but reports brought preminently forward the great damage to the corn crop. The commission houses, however, with western connections, say their crop reports gave worse reports of damage than previously received. The quantity on ocean passage decreased 66,000 during the past week. The country holders of corn did not show any disposition to sell, and the local operators, while generally feeling bearish, were disinclined to sell much shorts. West of Deseret some six miles, and a little to the south, is a fine tract of land, that is capable of sustaining at least 100 families. To the southeast of the tract, two or three miles, are several fine reservoir sites, and all that is necessary to make them available for the land in question, are the necessary headgates. It is learned from a reliable source that several representatives from the drouth cursed sections of Kansas were here a short time since and made a quiet investigation of the facilities mentioned, and the result is that forty Kansas families will settle near here about October 1. The prosnear here about October 1. The prospective settlers belong to an organization called the "United Brethren in Christ," and for that reason alone they will be welcome, as that kind of a fraternity has been chiefly conspicuous in this locality by its absence. In addition, if they can teach us how to raise corn and become industrious they will certainly be a valued acquisition. The Republican papers of the state are howling, "Let us have a clean campaign—no mud slinging." How is it possible to have a clean campaign with such men as Mondell, Richards, Potter, such men as Mondell, Richards, Potter, Burdick, Hay and Owens as candidates? They train with the dirtiest political ring that has ever disgraced any state in the Union, and certainly the people should know the character of the men who are begging their votes. The Record Brought Down to 12:38 Weiler Also Takes the Mile Open Class A-Evans Captures the Quar-

ter Mile and Lowers the Utah Mile and Boles the Two Mile. Class B-Young Jensen Wins the Mile Handicap.

Ogden, Aug. 27 .- [Special.]-This was red letter day in the cycling history nal on the Charge of Incest-Re- of Ogden. The people turned out in thousands, the weather was all that could be desired, and the track was in splendid condition.

The five mile state record was lowered in the state championship, and a flying quarter state record of 30 seconds was established. There was a considerable amount of scratching, Fowler, the Ogden rider, failing to materialize any of the races, Foster dropped out the two-mile handleap, in which so much was expected, and objected to the work of some of the other riders, but he entered no formal protest. The decision of the officials gave ab-

solute satisfaction.

The Ogden band was in attendance and rendered some pleasing selections during the afternoon.

At intervals "Ham and Box," the champion trick riders of the west, entertained the spectators with some of their marvelous tricks.

ONE MILE OPEN, CLASS A.

ONE MILE OPEN, CLASS A.

The first event, one mile open, class A, brought out Weiler, Evans and Jensen, of Salt Lake; Thatcher, of Logan and Smith, of Ogden. Fowler, of Ogden, and McIntyre, of Salt Lake, scratched.

A time limit of 2:45 was placed on the race. The men got away well and it was easy riding pretty much all the way around. The men finished—Evans first. Weller second, Jensen third and Thatcher fourth. The time being over the limit, 2:5546, it was declared no Mr. Charles Lammersdorf, president Thatcher fourth. The time being over the limit, 2:55½, it was declared no

The half-mile open, class B, brought forth the champions of the hour—Ziegler, of California, and Boles, of Denew machinery, between the length of the hour—Ziegler, of California, and Boles, of Denew machinery, between the length of the hour—Ziegler, of California, and Boles, of Denew machinery, between the limit was all Ziegler's race. From the start he led, and finished an easy first by run right along without interruption, six wheel lengths. The time was 1:14½. A flying quarter state record was established in this race, thirty seconds being the time. HALF-MILE, CLASS B.

WEILER WINS IT. WEILER WINS IT.

The next event was the run over of the mile, class A, with the same time limit. Weiler got away immediately on the start and led until the scratch was reached on the first lap, when Smith took the lead. On the first quarter Evans took first place, closely followed by Weiler. On the stretch he put in a teriffic spurt. Weller took Evans' place in the lead. Thatcher came to third, and the men crossed the tape with Weiler first, Evans a close second. Thatcher third, Jensen fourth. Time—2:394.

QUARTER-MILE, CLASS A.

QUARTER-MILE, CLASS A.

Weller, Thatcher, Caine, Evans and Smith came to the tape for the quarter-mile open, class A. This was a scorcher. Some difficulty was experienced in getting them started, but when they got away they got down to work. Evans at once jumped to the lead and kept it. Weller evidently had some difficulty in clearing himself, but he came out on the stretch and tried hard to overtake Evans, but it was too much for him. Jensen did some hard work for his position. The men crossed the tape in the following order: Evans first, Weiler second and Thatcher third. Time—32%. This lowers the Utah state record of 33 seconds.

MILE HANDICAP. QUARTER-MILE, CLASS A.

The one-mile handicap, class A, was the next race called. Out of an entry of eleven, all withdrew except H. O. Jensen, Salt Lake, 50 yards; Royle, Salt Lake, 100 yards; Smith, Ogden, 60 yards;

awaiting the appointment of a probate judge.

The star event of the day, the two-mile handicap, class B. was next called. Ziegler withdrew and Foster started from the scratch Piercs took 200 yards,

It was the prettiest finish that has ever been seen in Utah. When the home stretch was reached, there was not a yard between the three men. Then they spurted. Weiler gradually drew they spurted. Weiler gradually drew away, and with less than a wheel length to spare landed the champion-ship, Jensen coming in second, six inches in front of Evans.

"The feeling against the lords, in all parts of liberalism, is as strong as ever; but the movement is inopportune." The conservatives are delighted with the feeblences of the radical first gan and are making much of the fact that some banners carried in the procession bore obscene mottos. O'Brien's speech was as much an attack on the government as upon the house of lords.

Dr. Charles K. D. Tanner, member of parliament for the middle division of Cork, anti-Parnellite, emphasized his remarks by the waving of, while on the floor, a "hissing stick." He asserted that the lords was composed of a "house of bastards." "Not all of them." he explained, "and to those not bastards I apologize."

CITY ORDINANCES.

AN ORDINANCE AMENDING SECtions eight, ten and thirteen, of chapter
eighteen of the revised ordinances of Salt
Lake city, of 1892.

Be it ordained by the City Council of
Salt Lake city, territory of Utah, that
section thirteen of chapter eighteen of
the revised ordinances of Salt Lake city,
of 1892.

I. No person shall bring or send into
said city for sale or offer for sale or
sell in said city any milk without having
first obtained from the board of health
of said city a permit so to do. Such
permit shall be given by said board of
health whenever upon inspection of the
premises where the cows are kept and
inspection of the vessels used to hold
such milk, and test of the milk, it shall
appear that said premises and vessels are
kept in good sanitary condition, and that
the milk meets the requirements of the
ordinances and the rules adopted by such
board of health, and upon condition that
none but pure unadulterated and undiluted milk shall be sold and that yearly
license shall be paid as follows:

On daily sales of not more than two
gallons \$1.00; on daily sales of two galjons and not more than five gallons or part
thereof sold daily \$2.50.

II. After such permit shall have been
granted, the inspector of provisions of
said city shall have power to condemn
milk whenever upon inspection of premises and vessels and test of milk, it shall
be found that such premises or vessels
are not kept in good sanitary condition
or that the milk does not meet the requirements of the ordinances and the
rules adopted by said board of health; and
it shall be unlawful for any person to
sell or offer for sale any milk so condemned.

Amend section \$1 by adding the words
"sanitary condition" after the word "ventilation."

This ordinance shall be in effect from
and after its approval.

AN ORDINANCE AMENDING SECtion 19, of chapter 6, of the revised ordinances of Sait Lake city, of 1892.
Section 1. Ee it ordained by the City
Council of Sait Lake city, territory of
Utah, that section 19, of chapter 6, of
the revised ordinances of 1882 be amended
by adding at the end of said section
the following, to-wit:

"That before any permit shall be
granted by the board of public works or
be issued by the chairman thereof, authorizing any person to make an excavation in any street, sidewalk, alley or
other public place or to remove any
pavement, curb, gutter or other material
or improvement thereon, the chairman of
said board shall make an estimate of the
probable cost of replacing the material
to be excavated or removed and of restoring the street, sidewalk, alley or other
public place to the same condition it was
in previous to making the excavation or
removing the materials or improvements
contemplated in such permit; and require
the applicant therefor to deposit the
amount of such estimated cost with the
board of public works to be used by said
board in paying to replace the materials
excavated or removed by said applicant
and to restore the street, sidewalk, alley
or other public place to its former condition; and that after the cost of such restoration shall have been paid by the
